May 2023

EXCITING NEWS FROM PANE

Recently we welcomed Eda to our teacher's staff at The New Life Project. This is so exciting for us because Eda was a student at the NLP from 2013 until she graduated in 2018. She continued her studies and graduated from college.

We are so blessed to have her here, and what a testimony she is for the other children! She truly is an example of what the New Life Project is all about. Please pray for her as she adapts to her new teaching role.

We have also been working with a women's discipleship group. This group of ladies comes together in Pane twice a month to learn more about growing in Christ. We have talked about loving the Lord with all our hearts, where *real* joy comes from, and what it means to have a relationship with Jesus Christ.

Please remember these ladies in prayer as we seek to become more like Jesus.

Jennifer Hernandez

WE NEED VOLUNTEERS!

Missions used to be seen as what western Christians did in other countries around the world. But God is calling people from all over the world to take their place in fulfilling the Great Commission of making disciples of all nations. The other factor that is changing the shape of missions is the massive immigration that we have seen in the past twenty years.

With that in mind, our team in Madrid, Spain is now working with pastors and church planters from Venezuela and Nepal whom God has called to reach people of every people group living in Spain. These are simple men and women who have to work full time to provide for their families as well as do full time ministry. That's why we need volunteer teams to come work alongside them to get the Gospel to as many people as possible, to serve the community with the loving hands of Christ, and to extend the reach of the church to those who have never heard.

If you are interested in serving with us in Spain, we have an adventure planned for September 15-23, 2023. Contact Kate@xmaonline.com for more information.

XMA is one of our favorite ministries! Their heart to share the Gospel with all nations is REAL! Almost our whole family has traveled with them to Nicaragua in the past. We know the missionaries and know their hearts for Jesus! It's an honor to help provide a small portion to support their ministry!

ElliotC- Volunteer 07/02/2020

This is a "on the ground" organization That reaches and touches lives all over the world. Actions of XMA personally reach many people that would otherwise be unreached. The Outreach of this organization goes beyond electricity and common things that we take for granite each day, to share love and hope to others. I have personally been a part of these missions as well as my children. It has been life changing for me and my family.

RCrow- Volunteer 02/13/2023

I've been traveling to Nicaragua s every adventure. I have participated English classes over the years. After years, I signed up to go with a company - a challenging task for me. Every manual labor, nothing like we experienced awesome hard-working group. Completed in our short trip, we are complete the work in the weeks ahead with the local pastor, we learned he a mission church to be planted in the mission being the answer to the prayer. I urge you to pray and think about someone else's prayers.

Woods- Professional 08/05/2023

When I have interacted with xma I have been in doing what I call missions. Their trips have been as well-prepared destination as any organization with teams have arrived there has been and healthy (sensitive to the dynamic) partners with whom they have partnership and have followed up destination. I would choose to go with

These reviews highlight just a few experiences from volunteer professionals. Don't just take our word for it though. Find more GreatNonprofits.org page by scanning the QR code. Then take the Adventure with a Purpose.

EXTREME MISSIONARY ADVENTURES
XMAONLINE.COM

OVERLOOKED IN TURKEY

During my recent trip to the Middle East, I had the opportunity to travel to Southern Turkey to visit some of the places damaged by the recent earthquake. Using local connections from Northern Iraq, we visited a town and some small mountain villages that were severely damaged near the epicenter. These places get less help than those in more populated areas. There are no words to express the magnitude of the destruction, pain, and suffering we saw.

The first earthquake happened at 4:17 a.m. as they were asleep. In the mountain villages, they were also dealing with heavy snow that impaired visibility during rescue attempts. Many people died because no one could get to them in time.

The biggest need is for hygiene products and trauma care. Many lost everything as their houses were destroyed. Most have been given a tent and, fortunately, have enough food to eat. We are currently planning a project to distribute hygiene care packages. As we hand these out, it will allow us to visit with people, listen to their stories, and offer encouragement and prayer.

Please be in prayer for the people of Southern Turkey. They are hurting! Pray that the hygiene project allows us the opportunity to be a piece of their healing process. They were so thankful I came all the way from America to care for them when their own people wouldn't help!

If you are interested in supporting this effort with a financial gift just scan the QR code above. You can also get information about joining a team by emailing info@xmaonline.com. What an opportunity we have to share the love of Jesus among these hurting Muslim people! Will you give? Will you go?

Eli Reddick

Each piece of wood represents a person from this remote village who was killed during the earthquake.

LOST PEOPLE MATTER
TO God AND SO
THEY MUST
MATTER TO US.
